

TerraTrack
QUALITY RUBBER TRACKS

**UNDERCARRIAGE AND WEAR PARTS
FOR CONSTRUCTION EQUIPMENT**

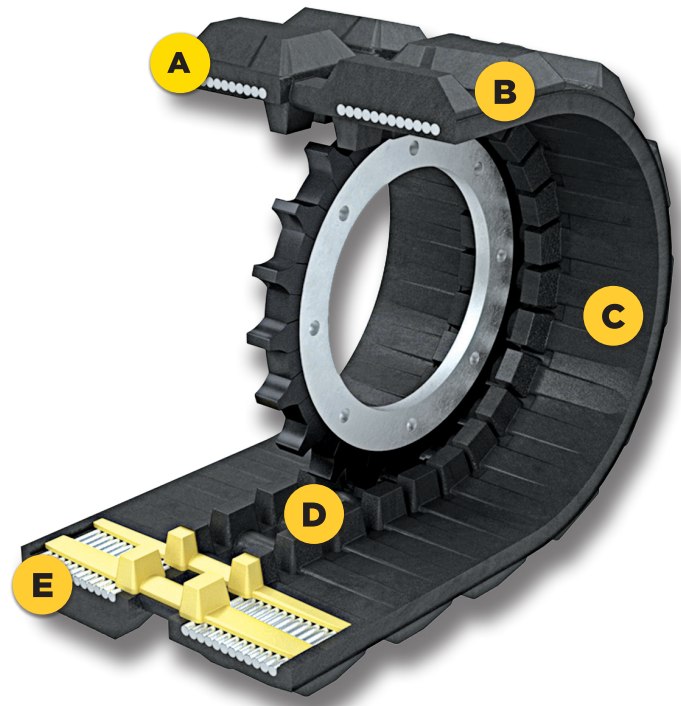

Our TerraTrack Rubber Tracks have been developed and improved to offer superior wearability and fitting.

Produced from moulds incorporating the latest robotic technology, therefore reducing the labour cost, TerraTrack is a cost-effective solution without compromising on quality.

An ongoing program of continuous product development for new machines making use of advancing technologies ensures Astrak TerraTrack Rubber Tracks remain the premium choice in a dynamic market.

- LATEST ROBOTIC MOULD TECHNOLOGY
- ENGINEERED FOR IMPROVED PERFORMANCE
- MANUFACTURED BY OEM SUPPLIER
- INCREASED EFFICIENCY
- LOWER OPERATING COSTS
